Honorable Judge Hellerstein,

17CR417(AKH)

Before my trial, my trial attorney Mr. Alexei Schacht presented the 3500 materials to me with redactions. My private and paid attorney at that time, Mr. Schacht intentionally gave me the wrong advice that I'm not allowed to ~~have~~ the redacted material unredacted.

Mr. Schacht also stated to me that some of those material are redacted because that's how the government found it in the original state, he wrongly stated that to me. Mr. Schacht never even suggested that he can ask the prosecutor for the unredacted version of 3500 material anyway.

In the mean time I have no access to the full 3500 material.

Currently, as to the date of this letter I have no attorney to properly and honestly present me.
